

Dear Commissioner

We are the **National Applications and Career Guide Association (NACGA) NPO** who have been registered with the CIPC in January 2016. We registered this organization because we aim to address the "FEES MUST FALL" issue which has some detrimental effects to our higher education system, particularly to the previously disadvantaged communities.

Our main objectives are:

- To conduct career counseling to learners at high school level.
- Facilitate application process to higher learning institutions and to potential bursars.
- Expose beneficiaries to a range of their chosen careers.
- Motivate learners as well as their communities to actively participate and support each other towards education.

On achieving these objectives, we are convinced that no student or parent will be worried about fees, because:

- All learners will be motivated to take their studies seriously.
- Almost all learners will meet tertiary institutions' and potential bursars' requirements.
- All learners will be financially supported by either private or public sector.
- Everyone will be responsible for his or her education.

We are prepared to thoroughly educate youth that EVERY RIGHT OR PRIVILEGE HAVE AN OBLIGATION.

This means, everyone who is willing to further his or her education must work hard and take education seriously. This is because most students or any active participant of the "fees must fall" campaign are not very serious about their education. We say that because this campaign became strong just before final examinations began. If students were concerned about fees issue; they should have started the campaign in the first quarter of the academic year.

We therefore RECOMMEND that:

- ❖ The Government **fund our program**.
- ❖ The government should pass the " **free education for all**" legislation, but **with obligations**, for example: free education will be free to anyone who passes her or his learning areas required by a higher learning institution by at least 60%.
- ❖ Government must pass the **education tax** of about 2% of the gross income, which will apply to all who have obtained their tertiary education and employed in the Republic.

We are therefore pleased to be given an opportunity to contribute to the commission and will be pleased to be given an opportunity to present our project plan at any time convenient to you.

Our contact person is: Jabulani Mbatha. E-mail: [stigo66@gmail.com](mailto:stigo66@gmail.com) or 0791617184/0717931024.
