THE FEES COMMISSION NOTES THE ANNOUNCEMENT OF FEE ADJUSTMENTS FOR 2017

The Commission of Inquiry into Higher Education and Training has noted the announcement by the Department of Higher Education & Training (HET) regarding the tuition fee adjustments for 2017.

We are further appreciative of the implications the announcement, and the reactions it has elicited, will have on the continuing work of the Commission.

It has become, therefore, even more critical that all role players in the HET sector afford the Commission the necessary space and time to complete its work.

We therefore appeal for composure from all stakeholders as the Commission finalizes proposals for a long term funding model for HET.

Set 2 of the public hearings, with a focus on post school education and training commence in Pretoria on 29 September 2016.

A preliminary report with workable recommendations will be submitted to the President in November 2016 with the final submission in June 2017.
